

Construction consultancy and project management:

Independent professional support for your project

A Strong Focus on Successful Project Delivery

Logic PM is a professionally accredited, independent, construction project management company. Our advisers focus solely on the successful delivery of your project and work with you and the team to achieve this goal.

Through our combined experience in the industry, we have developed a unique set of processes which ensure we deliver unbiased and competent advice in every aspect of our appointment. Our dedicated 'hands on' approach also ensures that we stay in control of the project at all times.

Why Work with Us?

It's simple. Project management and construction consultancy services from Logic PM can:

- Save you time and money by effectively planning and managing all aspects of your project
- Increase the likelihood of a project being delivered on time and to budget
- Ensure you are compliant with all current legislation, including health and safety
- Reduce the stress of your project as you know it is being overseen by a Chartered Project Manager

Services Available Across the UK

We offer services across the UK from our central office in London. We formulate and execute strategies for construction and interior projects by implementing tested procedures for successful delivery. We undertake pre-contract programme development and monitoring, logistics planning and the management of construction delivery and close out.

A Dedicated and Professional Team

Our services are available to clients, end users, developers, contractors and all consultants in the construction industry. We also undertake project management and contract administration duties, placing major significance on the client brief and project plan. Our dedicated team are all professionally qualified in their area of expertise and all have their focus strongly on meeting the project objectives.

Logic PM Services

We are able to offer professional consultancy services on all aspects of construction as well as a range of project management services to ensure that your project is completed to plan. Contact us to find out more about any of our services or to arrange a meeting with us.
